

GCP Cloud Digital Leader Exam Crash Course Lab 1

Google Cloud Project Creation Lab

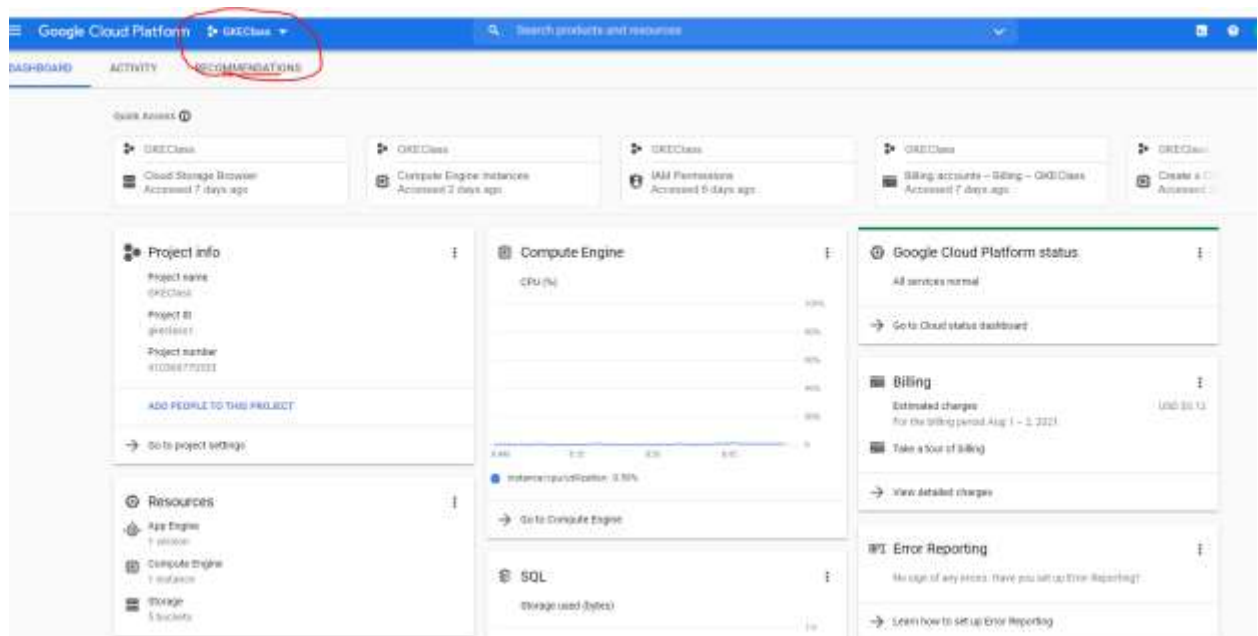

Create a new project called “mynewproject”.

1. Log in to your Google Cloud Platform Account

You will be at the main dashboard. If this is a new account then you will have a default project. Resources and other panels will show no activity

2. Select the dropdown menu as shown in Figure 1. (Note that yours wont say GKEClass).

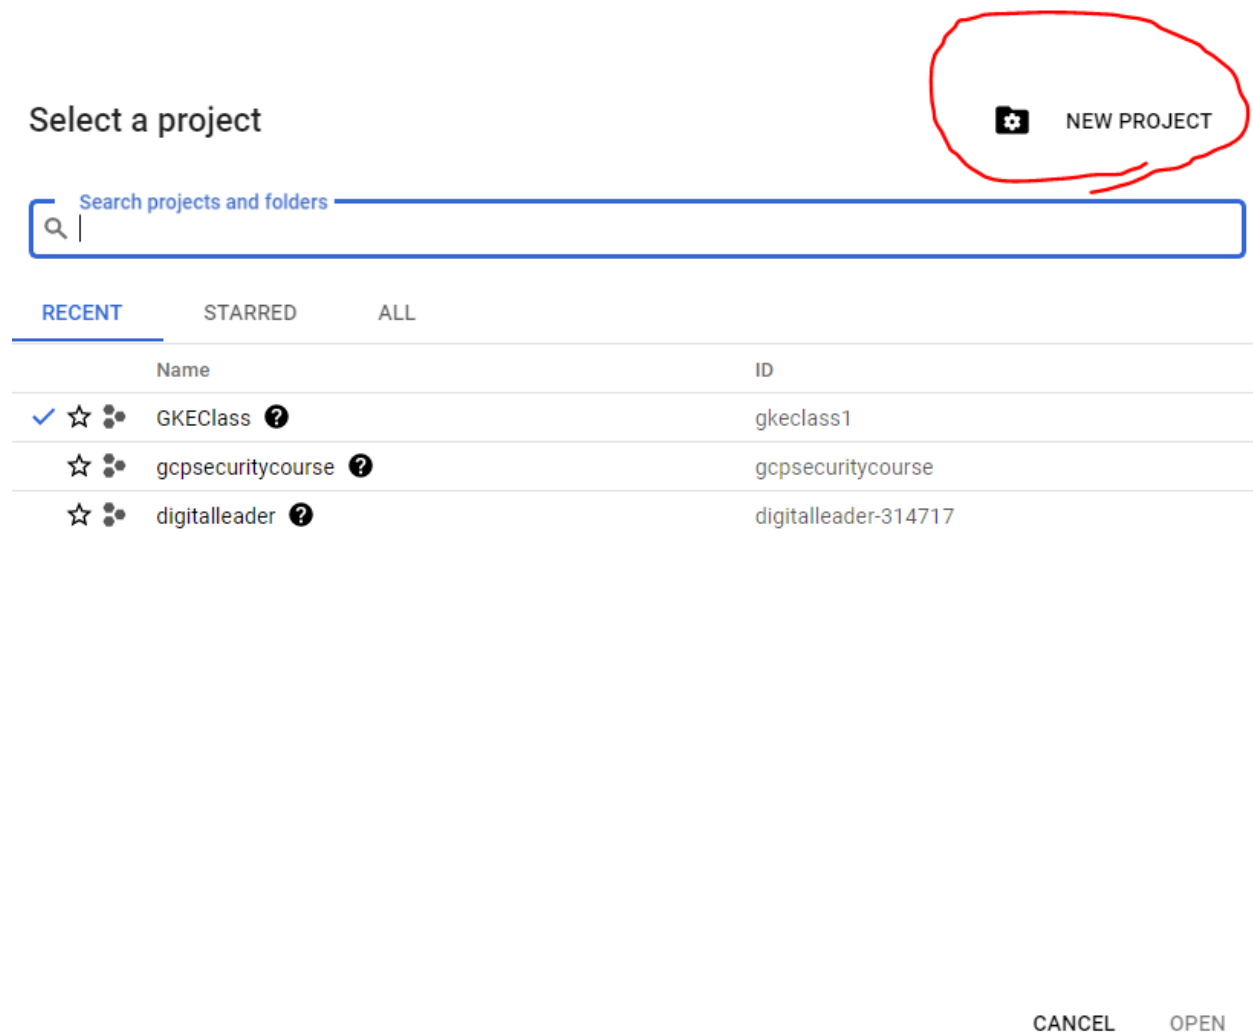

Figure 1 – Main GCP Console

After selecting the dropdown you will have a menu pop up that will show your current projects as in Figure 2.

3. We want to create a new project. Lets now select “New Project” on the right side of menu.

Figure 2 – Select A project menu.

After selecting “New Project” we will have the new project menu as shown below in Figure 3.
